

## Reading Quiz 3

Philosophy 229

February 5, 2016

- 1) True or false: Austin maintains the thesis of “realism,” i.e. that we perceive material objects.
- 2) Which word does Austin claim often implies that something unreal has been “conjured up”?
  - a. “illusion”
  - b. “delusion”
  - c. “perceive”
  - d. None of the above
- 3) According to Austin, would the ordinary man say that he “perceives material things”?
- 4) In the case of a mirage, Austin is not convinced by Ayer’s claim that we perceive a sense-datum. What does Austin think we perceive in this case?
- 5) True or false: Austin thinks Ayer actually *does* accept the sense-data theory (not just as a matter of language, but as a matter of fact).
